4. Personalized Photo Frame with Logo

Create an interactive experience for your guests with our personalized photo frame. Add your brand's logo and encourage visitors to take photos they'll happily share on social media. It's a unique decoration and an excellent way to promote your space!

Our personalized photo frame with a logo is a great tool for

creating an engaging social media campaign. Encourage guests to take photos and share them on their profiles using a dedicated hashtag, which increases the visibility of your brand.

For example, for a hotel, it could be #ValentinesAt[YourHotelName], and for a restaurant, #LoveAt[YourName]. These actions build a community around your brand and attract new customers who see how others enjoy their time in your space. Simple, impactful, and effective!

5. 2D Heart on a C-Stand

An eye-catching yet minimalist 2D heart on a C-stand is the perfect solution for subtle decoration. It works wonderfully in receptions, walkways, or smaller spaces, adding a touch of Valentine's ambiance in an elegant way.

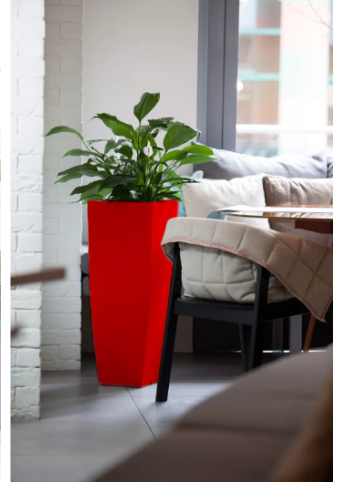

Although our 2D heart on a C-stand appears three-dimensional, it is actually flat – a unique visual effect carefully designed by our graphic artists.

Moreover, if you already own our C-stands, for example, from the Easter collection, you can simply purchase the hearts to create a new, romantic arrangement for Valentine's Day!

6. Other Planters in Various Shapes

In addition to the GIANT0 model, we offer a wide range of planters in various shapes and sizes. They are perfect for both modern interiors and outdoor arrangements. Fill them with plants to subtly enhance the Valentine's Day mood.

7. Bonus Inspiration: Flower Towers

If you want to add a spectacular element to your Valentine's Day decor, consider using flower towers. These multi-level structures filled with colorful flowers (artificial ones can also be used) create an incredible visual effect and attract the attention of every passerby or guest.

You can customize them to suit your environment by choosing flowers in romantic shades of red, pink, and white. Perfect for entrances, courtyards, or central spaces – flower towers are a true feast for the eyes and a unique way to emphasize the Valentine's Day ambiance.

Decorating spaces for Valentine's Day is not just about standing out but also about creating a place that attracts and inspires. Our personalized planters, fiberglass hearts, large-scale decorations, and photo frames will help you achieve this goal.
