

Fight the grayness. Colorful and mobile urban pots XXL

How to keep some sun in the cities even in a shadowy day? How to get rid of the grayness in cities and invite some colors to them? How to bring some nature to the public spaces?

Many European cities have problems to deal with a square arrangement in the centre – it usually lacks color and nature. A real challenge turns out to be the creation of a nice surrounding of a town hall and other public buildings.
