

What a menagerie! A huge hen, a big bunny and XXL Easter eggs

It is not a space for the micro scale. Larger equivalents of traditional decorations that we know from our houses work well in city squares. A huge hen, a big bunny and XXL Easter eggs appeared in the centre of Pleszew – let's check how this year's Easter went for them.

How the XXL Easter eggs presented themselves in Pleszew?

This is another Easter celebration that passes in a rather

unusual atmosphere. While many aspects of life have changed, fortunately we can still enjoy what makes up our identity. Traditional symbols belong to this group of such accents. Therefore, there are many appreciated Easter symbols in city squares – in Pleszew we could admire not only the hand-made works of the youngest residents, but also macro-scale decorations, including [XXL Easter eggs](http://www.terraeaster.com). This beautiful composition allowed passers-by to break away from the restless reality, at least for a moment.

Not only eggs! Traditional inspirations in the town centre

Traditional accents appeared in Pleszew – colorful [XXL Easter eggs](http://www.terraeaster.com), but this is not the end of attractions! They were complemented by a large hen and a fabulously colorful bunny. This remarkable “menagerie” was in an equally large scale,

thanks to which it was eye-catching.

Unique colorful Easter eggs. XXL is the size just right for the urban space

What makes [XXL Easter eggs](http://www.terraeaster.com) such a good solution for public spaces? First of all, their large size, which is adequate to the needs of extensive locations. Another benefit is the vivid colors that enliven the surroundings even when the spring weather is still a bit late...
